Year 3's Class Assembly

Year 3 were very excited to be able to share their science learning about plants in assembly this week. We have learnt all about how plants grow from a tiny seed and what they need to thrive and survive -sunlight, water, air, space and the right temperature. We shared a poem all about trees and what an amazing creation they are, giving home to all sorts of animals and bugs and providing us with oxygen and shade. As this was our last assembly in Year 3, we shared what we think makes a good friend and ended with a song encouraging us to "reach to the stars" as we move into Year 4 and beyond.

Year 4

Dear God,

Thank you for our school, our families, and the people who help look after our towns and cities.
We thank you for the chance people have had this week to vote and share their ideas.
Please help leaders to listen carefully, to be fair, and to make choices that help everyone, especially children and those who need extra support.

We also pray for the clever technologies people are creating, like computers and AI.
Help adults to use these tools wisely, kindly, and safely.
May technology be used to help people learn, stay healthy, and care for our world.

Help us, too, to do our part: to listen before we speak,
to be kind when others are different from us,
and to make good choices each day.

Thank you for walking with us at school and at home.
Amen.

A very Happy Birthday to those who celebrate their birthday this week:

Rebekah M, Harrison M

Happy Birthday from all at CBS!
